

UNBREAKABLE

SHORT SIGHTED

First Verse

Only thinkin' about today
Never thinkin' 'bout tomorrow
Slash and burn, cuttin' to the bone
Living in the past, only thinking about your own
No concern about the future...

Chorus

Short sighted is all you will be
Your agenda is all that you see
Never making the choice that is right
Why does everything have to be a fight
Short sighted is all you will be
Close your eyes so you don't have to see
You say you listen but you never hear
Look away and we'll disappear
Darkness IS ignorance

Second Verse

All you care about is more, more, more
And protecting your status quo
Don't give a damn about doin' what's right
Too dumb and blind to see the light
No concern about the future...

Chorus

Guitar Solo

Chorus

WIDE EYED AARON (Instrumental)

For my son Aaron...

CARRY ON (for Renee')

First Verse

She was a tiny dancer
A dolphin in the waves
With graceful beauty
But she couldn't be saved
And I can't carry on
Carry on

Second Verse

A priceless teacher
Challenging young minds
Bathing in the spotlight
But God was unkind
And I need to carry on
Carry on

Bridge

I can hear your voice in the gentle rain
I can see you dancing in the wind
I can feel your touch in my empty heart
Where is my friend?
Where is my friend?

Guitar Solo

Third Verse

An angel watches over me
A golden star in flight
Guiding me onward
Making it all right
And I will carry on
Carry on
Carry on
Carry on

WITHOUT YOU (for Aaron S.)

First Verse

You left me standing here
Alone with my fears since losing you
I wiped away my tears
For all the lonely years without you

Chorus

And I don't know where to start
To ease the pain in my heart
And I don't know what to do
To live my life
Without you

Second Verse

When I close my eyes
I remember the good times that we shared
And how we felt so glad
For the gifts of this life that we had

Chorus

And its tearing me apart
That God keeps breaking my heart
And I don't know what to do
To live my life
Without you

Third Verse

I awaken to your face
It brightens as the sun when we embrace
My love is yours always
Together we will be all our days

Chorus

And we'll never be apart
Your love has healed my heart
I don't want a life
Without You
I don't want my life
Without you...

Guitar Solo

TOO SOON (for Pat and Lee)

First Verse

A quiet kid, I barely knew
Carving streets, wearin' down shoes
Popping rails and catching air
Livin' life, without a care

Bridge

But this life, filled with pain
Sorrow falls, once again

Chorus

It was way too soon
Much too soon to lose you
I never had a clue how much I meant to you
It was way too soon

Second Verse

A gentle man with a gleaming smile
An endless heart with a quirky style
A peaceful soul and a brilliant mind
Tried to change the world, one kid at a time

Bridge

With his life full of pain
Peace does come, once again

Chorus

It was way too soon
Much too soon to lose you
You never knew how much I cared about you
It was way too soon

Saxophone Solo

Third Verse

Darkness falls, now that you're gone
I feel so empty, I'm so alone
Time moves on, yet the wound still burns
But the pain can't stop what the heart still yearns

Bridge

With your love, there is no pain
I'll go on, once again

Chorus

It was way too soon
Much too soon to lose you
I wish I had the chance to say my love
for you
It was way too soon

Guitar Solo

UNBROKEN (for Will)

Chorus

You can do what you want
But you can't break me
You can try anything
But you won't break me

First Verse

You can take your best shot
Put me on the ground
I might stumble and fall
But you won't keep me down
My mind is sharp and
My spirit is strong
You think you can beat me
But you're oh so wrong

Chorus

Guitar Solo

SWEET ALYSSA **(Instrumental)**

For my daughter Alyssa...

Second Verse

You can change the rules
But I've seen the light
You can lie and cheat
But you can't stop my fight
I may be hurting
But I'll never give up
You can kick me when I'm
down
But I'll always get up

Chorus

TRUTH IS A LIE

First Verse

What do you do when the truth is a lie?
How the hell could I have been so blind?
Do I even know you when you're by my side?
What do you do when the truth is a lie?

Chorus

What did I do so wrong?
Did I let you down? Did I let you down?
What am I to do now?
To turn this mess around? Turn this mess around?

Second Verse

They always say its a matter of trust
But here I stand with my feelings crushed
You keep saying you will make everything all right
How do I know when the truth's *been* a lie

Chorus

Guitar Solo

Third Verse

I love you more than you'll ever know
But I don't know which way I should go
We'll get through this, side by side
Then I will know that the truth's *not* a lie

Chorus

Guitar Solo

INVISIBLE

First Verse

Why am I invisible?
Do I even exist?
Am I a ghost to you?
Would I even be missed?
Try to hide the pain inside
So no one else can see
Doing everything I can
So you will stay here with me

Second Verse

Why am I so invisible?
When I gave you my heart
Is my love a game to you?
That you keep tearing apart
Trapped inside this crowded house
And yet I feel so alone
Dealing with this crazy life
But with you its a home

Bridge

Don't know what I'd do without you
Don't know what I'd be without you
Don't know who I am without you
Don't wanna walk this road without you

Guitar Solo

REMEMBERING AMY (Instrumental)

For my sister Amy...

Third Verse

Don't want to be invisible
I need your love
Together we're invincible
When I have your love
You grabbed my hand
And I fell into you
We can make it side by side
After all we've been through

Don't want to be invisible
I want your love
Don't want to be invisible
I need your love
Don't want to be invisible
(fade)
